## SOCIAL COLUMN

Hi Bushies!

Over the next two months I'm not going to be available (socially speaking). There's just too much happening. If however you want to catch up with me, keep in mind my September weekend away in Lorne - read my blurb in the walks preview section.

However, just to keep you busy while I'm so busy, John Roseman would like to remind you that ballroom dancing is still on every Friday night. Several bushies have been known to attend and not only learn how to dance but also have a good time!!!

TIME: 8.30 - 10.30 p.m. Friday evening  
PLACE: Coburg Dance and Reception Centre  
Cnr Bell St and Melville Rd, Coburg

Contact John Roseman for further details on (H)

### **BUSH DANCE**

I recently received a call from YHA reminding me that the next bush dance is on Friday 15 November. Jot the date down in your diary, and keep that night free. Everyone had an excellent night last time.

As entry is by pre-purchased tickets these bush dances tend to be less crowded than the regular monthly ones. The band this time is the 'WOOLLY BULL' bush band!?! I'll provide more details when I get them.

### **BIKE RIDE**

During the last bike ride I had along the Yarra, it was suggested that people would enjoy a monthly bike ride. I will endeavour to organise this. But I need help. I really can't be at every event I organise, so I need people to volunteer to lead rides for me (like Peter Bullard, thank you for leading the Elwood beach ride, and thanks Bob Steel and Alan Clarke for helping me on the two Yarra River rides).

I also need ideas. Any suggestions for an October bike ride? Any volunteers to lead a friendly, social group of bike riders one Saturday arvo in October?

Correspondence should be directed to:

The Secretary  
Melbourne Bushwalkers Inc.  
PO Box 1751Q  
MELBOURNE 3001

Meetings are held in the clubrooms, Mackenzie St Melbourne (rear of the Horticultural Society building) every Wednesday night 7.00-9.00 p.m.  
Visitors are always welcome.

Please note that articles for "The News" may be faxed to the News Convenor on

Closing date for the September edition is Monday 2nd September.

### SOCIAL COLUMN (cont.)

#### **MOVIES**

I'm all moved out so I'm giving it a rest for a while, though someone recently suggested that we try an "alternative" movie place like the Kino or the Carlton Movie House. So if anyone sees a movie advertised that could prove interesting, let me know. We will probably go on a Monday night as it's usually half price.

#### **GAZING AT THE HEAVENS NIGHT**

I have been trying for a while to organise a gazing at the stars night. It would hopefully include a night at the planetarium, and perhaps followed up with a night at an observatory or just a night out somewhere star gazing. Keep an eye on October's newsletter.

#### **SPRING TIME ACTIVITIES**

October is of course in the middle of Spring which brings to mind sunshine and blossoms and PICNICS and CRICKET MATCHES (like girls vs boys) or TENNIS (if I could play tennis) or ROWING along the Yarra (or being rowed along the Yarra by some nice strapping lad, champagne in one hand and a white parasol in the other). Because these activities are determined by the weather (and public demand) we'll probably have to organise them on a Wednesday night after we have consulted the Club's meteorology person on the likelihood of rain.

### WILDERNESS CAMPAIGN UPDATE

Submissions for the protection of Victorian Wilderness closed on 24th July.

A week before the close off date the Land Conservation Council (LCC) had received 600 letters. I'm sure there were lots of Melbourne Bushies letters amongst those received!

#### **What's next?**

In early August the LCC will review our submissions and make recommendations to the State Government by 30th September. Jamie Pittock and other VNPA members will continue to lobby on behalf of bushwalkers and conservation groups.

A big pat on the back to those members who wrote out of concern for the better protection of Victoria's remaining wilderness. Remember every letter helped!

At the preview, the wattles showed promise of bursting forth for 8th September and kangas and wallabies were sighted. Evidence remains of the gold digging days. We might be wise to keep our eyes open as we walk along Nuggetty Creek - there could be a little one still there for someone!

The easy walk will begin with the Ironbark Gorge circuit walk, then proceed via Painkalac Dam to Moggs Creek picnic area. We shall finish both walks on the beach close to Moggs Creek township, so any keen swimmers should bring their togs!

We'll meet at Telephone Box Junction at 9.00 a.m. on the Saturday morning.

The skiing is catering for beginners and the emphasis will be on developing skills and techniques rather than covering huge distances. Accommodation will be available for \$15 at the bottom of the mountain on Saturday night.

Ski hire is available at Telephone Box Junction.

**9-15 SEP 91      MT HOTHAM - MT BOGONG SKIING      MED/HARD**

 TRANSPORT : PRIVATE  
 EXPECTED RETURN : SUNDAY EVENING  
 MAP REFERENCE : BOGONG ALPINE AREA LEISURE MAP 1:50,000  
 APPROX DISTANCE : 80 KM

The itinerary for this trip will be dictated by snow conditions, weather and the aspirations of the group. However, the general idea is to explore the less travelled parts of the High Plains, e.g. out along the Bundara/Cobungra Divide towards Dinner Plain.

As a grand finale, an ascent of Mt. Bogong, via Quartz Ridge is envisaged. (If the weather precludes this, how does a round of cards at Wilky sound!)

The group size is limited to 8.

**13-15 SEP 91      EILDON STATE PARK - MT ENTERPRISE      MEDIUM**

LEADER : GINA HOPKINS  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : SUNDAY EVENING  
 MAP REFERENCE : EILDON 1:25,000  
 APPROX DISTANCE : 31 KM

OK, it is time to put skis away (at least for this weekend) and dust off those walking boots.

This walk is in a new area for the club and offers some delightful ridgetop walking with superb views over Lake Eildon and its inlets. We will camp at Blue Gum campsite on Friday evening, not far from Mansfield.

We have a substantial climb on Saturday morning, then walking along a ridge with the views improving until we reach Mt. Enterprise. We will camp at the edge of the lake amongst some pine trees. Bring your thermals and beanie. You will have to carry sufficient water for your needs during the day, as there is no water until we reach camp.

On Sunday we follow the edge of the Woolshed Inlet before another steep climb and more ridgetop walking, then a very steep descent to finish. Masses of bird-life, kangaroos and wallabies.

**20-22 SEP 91      LORNE - OTWAY RANGES      EASY/MEDIUM**

LEADER : ROSA D'ANGELO  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : SUNDAY EVENING  
 MAP REFERENCE :  
 APPROX DISTANCE : 36 KM

Apparently Lorne is a gorgeous place to walk around, but I've never been there. To overcome this problem, I am leading a weekend base camp. We will be camping by the Cumberland River, with hot showers!

I intend to organise two decent day walks which will include as many of the waterfalls as I can reasonably fit into a day's walk. Day one will include the Erskine Riever and the St. George River with all their falls (the walk is about 20 km and will require a car shuffle). The second day will take in the Cumberland River and the Sheoak Creek with their respective falls (and is about 16.5 km). Lots of swimming potential. Beautiful scenery. Hot showers. What more could you want?

Camp sites are \$10 a night but will fit about 2 hiking tents (about 4 people) comfortably, possibly 3. Only 6 persons allowed per camp site. No booking is required for the tent sites.

If however you would like to live it up in an on-site caravan, I need to know immediately and will need a deposit. The caravans sleep up to 6 and for 5-6 people cost \$42 a night (about \$7 per person). I need to know soon because the school holidays start that weekend so the vans will go quickly.

**21-29 SEP 91      FLINDERS RANGES - S.A.      EASY/MEDIUM**

LEADER : DAVE VINCENT  
 TRANSPORT : LIGHT AIRCRAFT - COST \$250 EACH  
 EXPECTED RETURN : 5.00PM SUNDAY 29 SEP

This walk is during the first week of the September school holidays, and includes a public holiday. The walking will be day walks from base camps in three National Parks - Hattah Lakes in Victoria, Gammon Ranges and Flinders Ranges in South Australia. The weather should be mild and wildflowers prolific. By using an aircraft, travelling time is minimised.

**21-29 SEP 91 FLINDERS RANGES (cont.)**

The proposed itinerary is:

Sat 21 - Sun 22 Sep: Depart Moorabbin and fly to Hattah Lakes National Park, 50km Sth Mildura. Two day walks from a base camp.

Mon 23 - Wed 25 Sep: Depart Hattah Lakes and fly to Mildura for refuel/resupply. Depart Mildura and fly to Balcanoona Homestead at the entrance to the Gammon Ranges National Park, 200 km NW Broken Hill. Three day walks from a base camp.

Thur 26 - Sat 28 Sep: Depart Balcanoona Homestead and fly to Wilpena, at the entrance to the Flinders Ranges National Park, 300 km Nth Adelaide. Three day walks from a base camp.

Sun 29 Sep: Depart Wilpena and fly to Quorn, 30 km NE Port Augusta, for a half day steam train tour of the southern Flinders Ranges on the famous Pitchie Ritchie railway. Fly back to Moorabbin after refuelling at Port Augusta.

For a group of six, including myself, the estimated cost of the aircraft hire will be \$250 each. However, if there are not enough members able to take the time off work, then we can reduce the trip to four days only (Thurs 26 Sep - Sun 29 Sep). In this case, we would not do the Hattah Lakes or Gammon Ranges parts of the walk. For further details and to book a place, contact Dave Vincent at home on phone:

**25-29 SEP 91 HATTAH LAKES - PINK LAKES BASE CAMP EASY/MED**

LEADER : SYLVIA WILSON  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : LATE SUNDAY NIGHT  
 MAP REFERENCE :  
 APPROX DISTANCE : VARIOUS

I haven't been to Hattah for years and wasn't able to go on the recent club trip so it is time for a visit, especially as the spring wildflowers will be out. The lakes are full of water just now which is a very rare occurrence as the Murray doesn't flood much these days and the system gets deprived of water. If anyone can bring a canoe that will be terrific as one can get much closer to the birds and it's good fun anyway.

Wandering around the lakes will be the order of the day. We'll camp in the main area on the Wednesday night (map on application on booking night). If it is a bit full we can go further north in the park next day.

I had hoped to drop in to Pink Lakes National Park (west of Ouyen) on the way home but I see it is an extra 150k at least. We'll think about it. It is well worth a visit though as it is a fascinating area.

**27-29 SEP 91 KOOYOORA - MELVILLE CAVES EASY/MED**

LEADER : PETER BULLARD  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : SUNDAY EVENING  
 MAP REFERENCE : DUNOLLY 1:100,000

This trip will be a base camp with two day walks.

One will be out to the north around the Mt. Kooyoora area, and the other to the south and east looking at some of the rock shelters if we can find them. There should also be some good views each day.

**MORE ON SKIING....**

What I did not mention in my last article on x/c skiing was what a wonderful experience it can be.

Out on my first weekend trip this season around the Mt Hotham/Mt Loch area I was reminded why I enjoy skiing so much. I once again marvelled at the whiteness, the absolute silence, the emptiness of the high plains in winter. The twisted trunks of the snow gums take on their contrasting winter colours and look even more beautiful as they collect snow on the branches and leaves. I also enjoyed that wonderful feeling as I poked my head out of the almost-buried tent in the morning to survey the freshly fallen, virgin snow all around me, and realized that I was in a small isolated pocket of relative cosiness in what could be a most hostile environment. As the breakfast billy boiled that feeling of self-sufficiency was most satisfying.

Later, skiing among the trees, the gentle swishing noise from the skis is all that I could hear, apart from my own laboured breathing.

The weather was none too kind and we experienced near-blizzard conditions and a (temporary) white-out when I was unable to see the next snow-pole. On the other hand, we did get an overnight dump of 15 cm, and a glimpse of blue sky and sunshine on Sunday morning when we visited Spargo hut. I was reminded how important it is to be careful and to keep a group together when I heard that ski patrol had found a lost skier at 5.30 am on Monday morning, suffering from hypothermia. The weekend made an excellent start to my ski season, reminding me how worthwhile it is, and how I need to improve my turns!

**CLUB RECORDS**

To keep our records in good shape and to ensure that we have adequate space for them, a thorough review is being made of all the club records.

As a result, old copies of WALK are again (still) being offered for sale at the very reduced price of \$2.00 per bundle. Newer and older members of the club alike should find these interesting.

Also, there are some multiple copies of WILDLIFE magazine. These contain good articles and some excellent photos and are on offer.... for free! They are on display in the clubrooms.

**SNAKE ISLAND: 19-21 JULY**

"To boldly go [sic] where no man [sic] has ever gone before..." - Scott of the Antarctic (or was it Lawrence of Arabia?)

Saturday 20th July 1991 was a historic day for Melbourne Bushwalkers Inc. for this was when 15 intrepid bushies set out to explore the uncharted wilderness of Snake Island. Navigation would be by koalas and things bobbing up and down in the sea. But we had a leader equal to the challenge. We trek south. By 11am we have arrived at the "Flag Inn" - 22 sagging mattresses under a tin roof. Surely as luxurious an accommodation as you could find in any uncharted wilderness!

A quick feed, and we (9 of us) set off to explore the eastern reaches of the island. The koalas here, free of the hectic, stressful lifestyle of those on the mainland, appear much healthier. We arrive at the Mangrove swamp called "Bail of Straw". Our leader loses his compass, and in an attempt to find it, loses himself. But all turns out well, and we make the momentous decision to return along the south coast; a rather long, but straightforward walk, we are assured. Night falls, the tide rises, our pace

slows, and no two people agree on where we are. All the excitement that this engenders is eventually calmed when we encounter a search party, and are led back to the warmth and security of the Flag Inn. In fact, getting lost on the island had been such an exhilarating experience, that three of our party were to indulge in it once more - overshooting the exit from the beach, and not returning to the hut until 10.30pm.

The following morning those of us with an appetite for more exploration abandon the remainder to their slumber. All are reunited at 4.00pm for the return crossing. The tide is low, and we are treated to a demonstration of how a professional seafarer dislodges his boat from a sandbank. We are finally delivered safely to Port Welshpool.

All of us will retain fond memories of an excellent weekend: Brian Bowditch (me), Max Casley, Rosa D'Angelo, Mark Durre, Robyn Hall, Tom Mags, George Matthews, John Roseman, Mark Walters, Bronwyn Walters, Andrew Stafford, Gordon ???, Margaret Tuohey, Carl Woodrow and Lloyd Young (our Leader).

**FEDERATION NEWS**

There are two items of interest to come from the Federation of Bushwalking Clubs this month. The first is that their newsletter - "VicWalk" - is now available by subscription. For anyone interested in what is happening in the bushwalking world it is worthwhile reading, and at \$12.00 per year it is good value. You can subscribe by sending in the form below with the appropriate amount.

Secondly, the history of the Federation is due to be released in October. It is expected to be a hardback

of around 270 pages and costing between \$20 to \$30 (although we should be able to get a discount). Copies will be available through the club. Its title is "The Scroggin Eaters" and an appropriate front page photograph is still being sought. Some activities are planned to launch the book, including an historic film night to include original film of bushwalking from the 1930's. Those interested in attending should contact either the Federation directly, or me.
