## SOCIAL COLUMN

Hi Bushies!

Last month I had my first official club function - the games night at Jean Giese's house. It was a great night. I think the best part of the evening was when about 15 bushies gathered round a little card table with Jean's "Budget Macquarie Dictionary" (which looked more like a telephone book) and played several rounds of Dictionary. The port flowed freely, imaginations even freer. So what was a buddle? And who said a "ambuck was a young Zimbabwe man?"

Pictionary was great fun, thank you Ken MacMahon for the loan. Oh, by the way, my team won... of course.

Thank you Jean for allowing 30 odd bushies loose in your house. And thank you Sylvia Andrews for keeping the food, tea and coffee flowing.

I would love to organise another games evening soon. So if you have a lounge room that would fit 20 to 30 bushies (on the floor if necessary) please let me know.

### MOVIES

Last month I sold all my tickets to see "Hamlet" so I must have had at least 20 people there. The next movie I want to organise is "Dances With Wolves" for **Monday 20th May**. I have changed the location for this movie. Instead of seeing it in the city, I thought we would try the Rivoli on Camberwell Road, Camberwell (near the tram depot). I have also changed the night to Monday night because I thought it would be easier to find a carpark on a Monday rather than a Friday night.

But it will still be \$6.50 !!!! So get your movie monies from me in the clubrooms.

Correspondence should be directed to:

The Secretary  
Melbourne Bushwalkers Inc.  
PO Box 1751Q  
MELBOURNE 3001

Please note that articles for "The News" may be faxed to the News Convenor on  
Closing date for the June edition is Monday 3rd June.

Meetings are held in the clubrooms, Mackenzie Street, Melbourne (rear of the Horticultural Society building) every Wednesday night 7.00-9.00 p.m. Visitors are always welcome.

### **WEDNESDAY NIGHTS**

Some of you may not realise that a group of bushies meet before the Wednesday night club meeting for a bite to eat or just a cappuccino. We meet at Toto's Pizza Restaurant, 103 Lygon Street, Carlton, between 6 and 7 p.m. Go into the pizza/bistro part, not the restaurant. Look for Michael Mann - he's always there!

### **GARAGE SALE**

Not many bushies have come up to me with camping/ski equipment that they want to sell. I guess I'll have to skip this idea unless people talk to me soon.

### **BUSH DANCE**

Don't forget that on **Friday 24th May** there is a bush dance organised by the YHA held at the South Melbourne town hall. Tickets are \$10. You don't have to be a bushie to enjoy a bush dance, and you certainly don't need to know how to dance as they explain each dance before it begins. So grab a couple of friends, a basket of food, something to drink and be prepared for a good night out.

Please hurry, I only have tickets for two tables.  
Do you like the graphics on my poster?

### **G.T.'S PUB CRAWL**

Graeme Thornton, is starting to get really excited about his pub crawl. We'll "preview" the walk soon, to determine the best route to take. It will be the first Saturday in June, visiting pubs in Richmond on Bridge Road. And I'm still aiming to end it at the Bridge Road Hotel where you can have a very nice cappuccino, slice of cake or two and they often have afternoon music, usually jazz.

### **BIKE RIDE**

After my article about my "spontaneous Saturday arvo bike ride", several closet bike riders came out and lamented the fact that they had missed out. Do not despair! I will organise another one in June, especially if the ski season is late. I have two ideas. One is the Yarra River bike track trip, starting from Como House and travelling upstream for about four hours return. Hire bikes are available from this starting point. The other bike ride will be an overnight trip.

But there are stacks of rides we can do, I'll organise them if there is a demand for them.

Look for my posters in the clubrooms, I promise to give at least 3 weeks warning before either event.

Sandra Bardwell describes this walk in her '50 Day Walks Near Melbourne' as "an English-style country ramble along streams and lanes". Being the end of June we might also have to cope with some English-style rain and mud but, if the weather is kind, the panoramic views from John's Hill across to Port Phillip Bay and Western Port can be captivating.

Descending John's Hill, we join Menzies Creek at Avars Picnic Ground, turning west when we meet the Woori Yallock Creek at Butterfield Reserve. We continue to follow the creek after it changes its name to Sassafras and then on to Moxhams Picnic Ground. Up to this point we have been using defined paths through thick vegetation and trees, walking close to and parallel with the road, though largely unaware of it. From Moxhams we follow Priors, Portman, William and Ridge roads to return to the cars.

Bring warm and rainproof clothing and water as well as lunch. I shall be in the clubrooms on Wednesday. 26/6/91 to co-ordinate transport.

**SUN. 30 JUNE 91      PORTARLINGTON - EDWARDS POINT      EASY & EASY/MED**

LEADER : ROSA D'ANGELO & MAUREEN HURLEY

 EXPECTED RETURN : 7.00 P.M.  
 MAP REFERENCE : MELWAYS PAGES 239-241  
 APPROX DISTANCE : 15 & 20 KM

The easy/medium walk will start at Portarlington, and the easy walk will start about 5 km further down, at Point George. The walks will pass the shipwreck "The Ozone" at Indented Head which makes a great photo and where pelicans are often seen. Both walks will go down to the Wildlife Reserve which is one of the best parts of the walk. It's all beach walking, but considering it's June, I don't think we'll go for a swim.

**WEEKEND WALKS - JUNE 1991****7-10 JUNE 91 HATTAH LAKES - MURRAY RIVER - KULKYNE E/MEDIUM**

LEADER : KEITH WHITE  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : 8.00 P.M.  
 MAP REFERENCE : VICMAP: HATTAH LAKES  
 APPROX DISTANCE : 30 KM (WITH PACK)

The Hattah-Kulkyne has always been one of my favourite walking areas. You can normally expect cold nights and warm days in June - fingers crossed.

This is a pack-carrying trip with a day walk on Sunday.

We will start from Lake Hattah camping area following the shore line of the southern lakes, then cross to the Murray River to camp for 2 nights. The return journey will again cross the Kulkyne and follow the shore line of the more northern lakes back to Hattah.

**7-10 JUNE 91 HATTAH LAKES BASE CAMP EASY**

LEADER : MICK MANN  
 TRANSPORT : PRIVATE

For details of this walk, please see leader in the clubrooms.

**8-11 JUNE 91 KANGAROO ISLAND - SOUTH AUSTRALIA E/MEDIUM**

LEADER : DAVE VINCENT  
 TRANSPORT : LIGHT AIRCRAFT - COST \$150 EACH  
 EXPECTED RETURN : 6.00 P.M. TUESDAY 11 JUNE  
 MAP REFERENCE : TBA  
 APPROX DISTANCE : 30 KM OVER 3 DAYS

The walk is planned over the Queen's Birthday long weekend. The walk will use a base camp at Rocky River in the Flinders Chase National Park, which is on the Western end of Kangaroo Island. Access will be by light aircraft from Melbourne. Kangaroo Island is 200 km SW of Adelaide and is only available by boat or light aircraft. For a group of six, including myself, the estimated cost will be only \$150 each.

For those who don't know the area, Flinders Chase National Park is SA's most important wildlife refuge. There are no rabbits, foxes or dingoes on the Island. For this reason some mammals and many bird species have been introduced from the mainland to ensure their survival. Native birds include the rare western whipbird, and the yellow-tailed black cockatoo which is found nowhere else in SA. Three major rivers dissect the area and they flow year round. These rivers support dense forests, dominated by sugar gums.

For further details and to book a place on this walk, contact Dave Vincent at home on phone:

**28 JUNE - 1 JULY 91 WILKY INTRODUCTION - SKIING MEDIUM**

LEADERS : KEN MACMAHON & GRAEME THORNTON  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : MONDAY EVENING  
 MAP REFERENCE : BOGONG ALPINE AREA (OUTDOOR LEISURE MAP) 1:50,000  
 APPROX DISTANCE : 20 KM (WITH PACKS)

This trip is aimed primarily at those who have heard how wonderful Wilky can be under snow but are lacking the confidence or experience necessary to get there and back again.

A pre-requisite, of course, is an ability to cross-country ski with a 10-15 kg pack - even when the weather isn't nice!

Once there, GT and Ken will conduct lessons in:

- how to drive Wilky,
- hooting down steep hills,
- repairing broken skis and bones,
- feast preparation,
- night skiing in blizzards (optional), etc, etc.

**28-30 JUNE 91 BARMAH FOREST EASY/MEDIUM**

LEADER : SPENCER GEORGE  
 TRANSPORT : PRIVATE  
 EXPECTED RETURN : 8.00 P.M.  
 MAP REFERENCE : BARMAH FOREST (CFL)  
 APPROX DISTANCE : 20 KM

Barmah Forest is on the Murray River north of Nathalia. It is an important resource for red gum timber and water birds. During our walk we may see emus, kangaroos, river views and many birds.

Camp is planned at a grassy riverbank amongst young red gums.

**WALKS PROGRAMME FOR SPRING 1991**

Hello there fellow walkers! I'm looking for ideas for walks for the Spring Programme - September, October and November. During the next few weeks the programme will be drafted by the Walks Subcommittee, which consists of Jean Giese, Keith White, Nigel Holmes, Mark Walters and myself, with advice from Fred Halls.

If you have any suggestions, please let one of us know.

Max Casley

## ALONG THE TRACK

### **LAKE TARLI KARNG 5-7 APRIL 1991**

A longish drive on Friday evening is required for the walks on the Snowy Plains, so a nice campsite at Breakfast Creek on the Wellington River was appreciated. We walked from McFarlane Saddle carpark to Spion Kopje, then onto Gillios Track and down to Lake Tarli Karng, where we were to camp. Mary, bringing up the rear and feeling somewhat exhausted on the steep descent into Tarli Karng, asked the leader how much further there was to go (meaning to the campsite). She mentally fortified herself by considering that the worst case scenario would be "half-way". Max, believing the question referred to the length of the entire weekend walk, replied "Not quite half-way". Mary stoically shouldered her pack without a word and continued on down the track, being much relieved to find the group a few metres ahead putting up the tents.

Unfortunately, the evidence of other campers at the lake was more than apparent - 17 fire sites just where we were, complete with tin cans, and many more elsewhere. Some enterprising campers had destroyed and burnt the dunny.

Whilst some people lazed around camp, some of the braver (crazy?) souls swam in the freezing lake, and others climbed up to the Sentinels, returning to camp in the dark. We left Tarli Karng on Sunday through the Valley of Destruction, following the Wellington River which emerges after a subterranean route from the lake. At lunchtime, the swimmers were in again in a deep river pool. At Shaws gap, the party split up, some bashing their way down a cliff to Crolls Gorge, then following this pretty gorge back to the track. Meeting up again at the carpark, the river again proved to be inviting for the swimmers, whilst the cars were retrieved. An excellent weekend.

Party - Leader Max Casley, Dave & Sylvia Andrews, Stan Mackowiak, Lloyd Young, Brian Bowditch, Mary Leonard, Rosa D'Angelo, Cameron McMillan, Les Southwell, Raf Byron, Derrick Brown

## CENTRAL FOREST MANAGEMENT PLAN

The Department of Conservation and Environment is in the process of developing a Management Plan for the Central Forest Area. The Central Forest Area is that area approximately bordered by Kinglake, Healesville, Lake Eildon and the Hume Highway - hence, the Central Forests. The plan hopes to address all issues of resource use (ie. logging, mining, water catchments, etc.) and recreation (bushwalking, four wheel driving, trail bikes, deer hunting, etc.).

The relevance to the Club, and all others like us, is that we need to ensure that some consideration is given to our needs in the formulation of the plan. We must make sure that future bushwalks do not become more and more difficult because of the encroachment of users whose uses are not compatible with ours. While we are all prepared to compromise, we must ensure that our needs are heard and properly considered.

I recently attended a public meeting of the Central Forest Planning Group. The most striking thing was the representation from other users, particularly Deer Hunters, Trail Bikers and Four Wheel Drivers. Bushwalkers were also represented, but they did not appear as organised as the other groups. The danger is obviously that if we do not improve, our needs may not receive as high a priority as they should.

The Federation of Victorian Walking Clubs, to which we are affiliated, is endeavouring to improve our representation and is asking for support from member clubs and bushwalkers. The MBC committee has decided to encourage members to give more consideration to these issues, and to provide you with more information as to what can be done. Stay tuned!

In the meantime, we were able to give input to the Central Forests Plan, and it is being considered. At the moment, the key issues appear to be: access - specifically the closure of some roads and the maintenance of others; and cost - who should pay for the closures, maintenance and ongoing management. With the current position that the State Government is in financially, it would appear that the plan, when finished, may sit on a shelf for some time.

**VICTORIAN NATIONAL PARKS ASSOCIATION UPDATE****Logging in our National Parks - East Kiewa**

The Department is planning to log the scheduled East Kiewa addition to the Alpine National Park next spring. This area includes forest between Mt. Fainter, Mt. McKay, Bogong Village and Big Hill near Falls Creek. The area is well known for its Mountain Ash and biological importance. The Land Conservation Council has recommended that this region be added to the Alpine National Park.

The VNPA is campaigning to stop this proposed logging and urges us to write and protest against these moves. I will be writing on behalf of the Committee.

For more information, contact Jamie Pittock on

**President of RSPCA to speak at VNPA next meeting**

Dr Hugh Worth, President of the RSPCA, will speak on the national environment policy of the RSPCA at VNPA next meeting. Also, Di Ward from Dandenong Ranges NP will talk on problems of domestic and feral animals in our parks.

The meeting is on Wednesday 5 June "World Environment Day" 8.00p.m. Kay Scott Room, ground floor, Ormond College.
