## ABOUT WILKINSON LODGE

Wilkinson Lodge (generally referred to as "Wilky"), is situated on the edge of the Bogong High Plains, seven road miles from Falls Creek. It was built in 1932 as a S.E.C. gauging station to determine water flow into the then proposed Rocky Valley dam. The lodge has been owned by our Club for the past ten years and is used in many ways:

as an overnight stop on an extended walking tour

as a ski lodge in winter as a base for ski touring

and

as a holiday resort for Club members, especially those with young families.

Many fine day walks may be taken from the lodge across some of the best scenic country in Australia.

Amenities in the hut include running water, stainless steel sink, wash basin, shower, septic system, slow combustion stove, crockery, cutlery, cooking utensils, warmray heater in lounge room, table chairs library, keorsene pressure lamps, upstairs sleeping accommodation on thin mattresses.

Nominal fees are charged for the use of the lodge, these provide for the maintenance and insurance etc.

2 day weekend - \$1 per person

3 day weekend - \$1.50 per person

+ 50 cents per person per night thereafter

Visitors are 70c per person per night

Travel to the lodge is by private car, these can be parked within 100 yards of the lodge in fine weather. Travelling time from Melbourne is 6 to 7 hours distance 250 miles. People wishing to use the lodge must have previously visited there with an experienced member to learn how to operate the hot water system etc. They might then apply to the Lodge Manager, Peter Carlyon 68-6027 to borrow a set of keys to the locked road barrier and doors of the lodge. Advance booking is necessary for peak periods of the year, e.g. Xmas-New Year, Easter, September school holidays, long weekends etc.

All correspondence should be addressed:

EXTRACTS FROM THE COMMITTEE MEETING

12th October, 1970

---

Chairman: Alec Proudfoot

Present: Sue Ball, Roger Brown, Jenny Mead, Barbara Davies, Margaret Wark, Tyrone Thomas, Rod. Mattingley, Peter Carlyon, John Sparksman, Rex Filson, Robyn and Doug Pocock, Graeme Mascas, Athol Schafer, Judy Shegog.

Apologies: Dorrie Warton

Treasurer's Report:

The Club's financial position is a little down on last month's but finances are still good. The Club's membership stands at a record 200.

Walk Secretary's Report:

There were 142 walkers during the last month of which 33 were visitors. It was decided that a note would be attached to "Application for Membership Forms" suggesting that when handing in the form, the prospective member pay the subscription fee, thereby saving payment of visitors fees until such time as their application had been considered and accepted by the Committee.

"NEWS" Convenor's Report:

The resignation of the present "NEWS" Convenor was accepted. Barbara Davies has kindly accepted to act in this capacity until the Annual General Meeting next year. It was decided that the Club would purchase a typewriter for the use of future "NEWS" Convenors.

Wilkinson Lodge Report:

Peter reported that the Lodge is in readiness the the Club weekend there in late November - see details on front page.

Federation Report:

The Federation has taken a stand opposing the road over Baw Baw. It feels that this area is one of the few areas of wilderness left in Victoria and that it should be left in this condition. It urges that political pressure be brought to bear for the plan to be abandoned.

General Business:

Applications were received and accepted from Suzanne Hamilton and Peter Birch.

The Committee decided that those proposing to partake in Club walks over the Christmas/New Year period must undertake at least one weekend walk before now and the time of departure.

WALK PREVIEWS (Contd.)

WEEKEND WALKS:

November 27-29 WILKINSON LODGE BOGONG HIGH PLAINS

Leader: Peter Carlyon p) 68-6027

Easy

Owing to the number of people who have approached the leader regarding this trip, he referred this matter to the Committee meeting on 12th October. They decided that it would be preferable to have approximately two thirds of the party consisting of members who have not visited Wilky before and one third of members who have been there before. The maximum number that the lodge can hold is 15 and as tents are not permitted to be pitched outside, the limit is definitely 15. Preference may be given to those people who are able to supply cars (at least three will be needed). The booking list will be placed on the Club notice board on Wednesday 4th November and no telephone bookings will be accepted. Because of overcrowding, it would be advisable to bring a choofa or gas stove to cook on. Open fires are not allowed outside.

If there are more people wishing to attend than we can accommodate, a second trip will be run on the weekend of December 11-13, similar arrangements applying.

### TOOLANGI - PAULS RANGE - SCHOOLHOUSE RIDGE

The van leaves 38 walkers at Toolangi Post Office on a pleasant spring day. The walk starts on the main road, Toolangi now being somewhat more built up since the issue of the Yan Yean Military map. Past "Adden" where C.J. Dennis wrote his poetry then take to the bush. Now a back road with views down to the Yarra Valley before taking to the track on Pauls Range.

Hakeas and wattles well in bloom, hairpin banksia looking glorious, the early orchids in bloom, blackboys along the track. Lunch under threatening skies, two spits of rain then clear again. Further we follow Pauls Range, glimpses of St. Leonard on our left and Mt. Slide on our right. Down, down and in a maze of track the aqueduct is reached, positive identification of position.

One mile to the van and back to Melbourne after a pleasant spring walk.

Doug Pocock

### WHEN IS A LEADER NOT A LEADER?

Saturday morning and a late rising party drifts sleepily about the picnic ground. The sun has been up for hours and the birds have long ended their morning chorus, but no-one seems willing to move, so the leader, disgusted with his slow witted friends, goes off alone to explore. Finally realising he has actually gone, the 16 who are interested in the caves make their devious ways around and under the rocks, while the others sit outside enjoying the sunshine. Some luckier ones, led by Spencer's incredible navigation, find the Seal Rock. But all find they are expected to walk four miles to the next camp site. Mt. Kooyoora is reached after a leisurely stroll through pleasant country with botanies blooming everywhere, a delight to the eyes.

A search for water finds a small spring at the foot of the mountains, and then we become very choosy about pitching our tents, every few yards presenting a spot prettier than the last. Never have I seen such a wealth of grassy, flowery, boulder edged sites for camping. Eventually we settle for the valley floor, with the rocky slopes of the mountain overlooking us. Some recuperate in camp, others spend the afternoon wandering the hills, admiring the strange shapes of the great boulders.

# SUE'S SNIPPETS

The trip to Tassie must have really been the sealer for Bruce and Jill. They were married only a week after their return. Congratulations and all the very best to you.

Art Terry has recently heard from Johnnie Rogers in London that he is expecting to be back in Melbourne in a couple of weeks time. It will be good to see him in the Club rooms again.

Best wishes to our incapacitated Hon. Sec. Dorrie is presently recovering from a cartilage operation. Hope to see you out on the track again soon, Dorrie.

Our family walks resume on 15th November with a walk led by Dorothy Davies into the Werribee Gorge.

Congratulations to Barb. Goldfinch on attaining her majority. Barb. got the key to the door on 2nd October.

The "Wandering Brownlies" are expected to return about the end of November. If you would like to come to the Welcome Home Party (this will be at a weekend) ring Gwynnyth Taylor (728-1764 evenings) or drop a line to P.O. Box 52 Montrose 3765 and she'll see that you are notified of the date. All welcome.

And a word from Graeme Mascas. "Never has so much (Club room cleaning) been owed by so many (over 200 members) to so few (the 6 cleaners who turned up!)" With apologies - but please there is about 15-18 hours work on a cleaning day and many hands would make the work much lighter. Thanks to the six, who did a good job.

## N.P.P.S. FIELD DAY

VISIT TO THE LABERTOUCHE AREA WILDFLOWER RESERVE

SATURDAY 7th NOVEMBER 1970

Meeting at 11 a.m. at the turnoff to Labertouche, off the Princes Highway (approx. 53½ miles from Melbourne). Bring picnic lunch - family and friends welcome.

If transport is required, please contact Mrs. Faithful 29-5108.

ALONG THE TRACK (Contd.)

Sunday dawns fine and warm, and the leader, deciding there is really no alternative to walking back to Melville's caves, finally gathers his reluctant party together despite the dissenters, and ambles around the hills.

Blue skies, warm sunshine, (grumble, grumble) wild flowers blooming, birds singing, (complain, complain) 10 minutes rest every 20 minutes, (grizzle, grizzle).

He seems determined to ignore the road, and for some perverse reason sticks to the park like forest, much to the disgust of some who berate him bitterly for his inconsideration. (Who is leading this walk anyway?)

After this harrowing morning's stroll our sadistic leader allows us only three hours for lunch, (groan, groan) then force-marches us another two miles through the bush, (mumble, mumble) still ignoring the road, and despite remonstrances and disputation all around, leads us happily and unerringly to the van.

For the 1% who was interested in botanising, we had to do without an expert, but who cared anyway? A botany by any other name would smell as sweet!! (But we missed ya, Rex.)

Our patient and forebearing leader really turned on the weather, the scenery and the flowers all to perfection.

Thank you, Michael, for one of the most enjoyable weekend walks ever.

Alma Strappazon

THE LEADERS DIGEST (HEARTBURN)

After walking with the Club for a while I have discovered some interesting facts on some of the leaders of the walks and have compiled them for your interest.

Art - a hill every  $\frac{1}{2}$  mile, less if you're lucky  
 Tyrone - terrifying fences and easy downhill walks?  
 Alec - always disagreeing with Dorrie  
 Rex - no good if you're a landlubber, rather damp  
 Roger - roadbashes, strictly for tourists  
 John - for easy walks which become cliff hangers  
 Eddy - forever talking, forever misplaced  
 Alan - for people who like crossing the same creek numerous times  
 Fred - forever looking for hollow mountain, still has not found it
